

Lane Jan Image the slip film / polyester or EPIC  
+ 3M. yellow image proof by VAG. 523 623 nm  
lane. 623 do not have any effect  
VAG + 523 nm burn higher than slip + Rubber

Ask Terry Juley redo on yellow film to  
see the laser can remove the UV blocky  
layer 1" square. The 1" VAG etch the transmission  
0.1 mW/cm yellow film itself has 0.15 mW/cm  
write away the yellow only has 16 mW/cm  
but Lane etched part only has 9 mW/cm it  
was less transparent

Blender 28883 for PET Lot # BB 8341
